

# COMBATISOL AD

## Technical Data Sheet

### DESCRIPTION:

CombatiSol AD is a non-toxic, waterbased, long-lasting proprietary architectural clearcoat that improves the aesthetic appeal of spaces by enhancing the beauty of both horizontal and vertical surfaces. This architectural clearcoat has been engineered for extended longevity to beautify and protect surfaces with the world's leading anti-microbial.

### APPLICATIONS:

CombatiSol AD is ideal for most surfaces but particularly suitable for surfaces subject to repeated touching by humans:

- Door knobs, handles and handrails
- Tables, both commercial and residential
- Seats, both leather and vinyl
- Faucets
- Cellphones and keyboards
- In homes, schools, restaurants, anywhere and everywhere

### BENEFITS:

- Non-toxic
- Zero VOC
- Waterbased, non-flammable
- Anti-microbials keep the clearcoat free of pathogens over a long period of time.
- The many pathogens include bacteria, mold, fungi, algae and viruses.
- One simple application can last for a month or more.

### PROPRIETARY CLEAR COATING:

- It is a newly developed clearcoat that can be applied on most surfaces, including metals, plastics, ceramics, wood, glass, and many more surfaces.
- Non-toxic and dries in 30 minutes or less.
- Waterbased, non-flammable.
- One simple application can last for a month or more.

### ANTI-MICROBIAL:

- It is the world's leading anti-microbial. Its purpose is to keep the clearcoat free of pathogens over a long period of time.
- It is effective on many pathogens including bacteria, mold, fungi, algae and viruses.
- It is particularly effective against E.Coli, MRSA (resistant bacteria), Influenza, Black Mold, Staphylococcus Aureas, and Chaetomium.
- It does not give rise to resistant strains of pathogens such as MRSA.

PHYSICAL & CHEMICAL  
PROPERTIES

Physical State	Clear liquid
Color	Milky. Clear after application
Odor	Mild to none
VOC	Zero
Density	1.1
Solubility	In water
Evaporation Rate	>1.0
Boiling Point	215°F
